The Board disapproved for forwarding to OBGI the application of [REDACTED] (GS-11, Publications Officer in St/P) for the position of Deputy Chief, Publications Division (Slot No. 0022, GS-14) in that Office. [REDACTED] was not believed to be qualified for this position (also his GS-11 grade, by Agency regulation, would preclude assignment to a GS-14 position).

Remarks:

Request consideration by lateral vote of *[redacted]* application for the OBG I vacancy of Deputy Chief, Publications Division, GS-14. STATINTL

Even if *[redacted]* were qualified for the advertised vacancy, OBG I could not assign him to the advertised position since Agency regulations preclude assignment of an individual to a position which is more than two grades higher than the individual concerned. We have for some time been aware of *[redacted]* desire for a reassignment, however, he clearly is not qualified for the OBG I vacancy. Recommend that his application be turned down by OER.

The Board directed that some modification be made in the curriculum proposed for [REDACTED] by including more course work involving economic theory.

25X1A

25X1A

25X1A

The Board disapproved the recommendations that [REDACTED] be sponsored to full-time academic training. It was decided that [REDACTED] lacked the prerequisite math required for the type of training proposed at this time. The Board suggested that he be encouraged to enroll in appropriate after-hours course work during the next year and that he be considered for full-time external training for the 1969-70 academic year. In disapproving the proposed full-time training for [REDACTED] the Board instructed the Executive Secretary to inform him that the Office would favorably consider sponsoring after-hours course work in economics at one of the local universities.
